

SUMMER COMPETITIVE JUNIOR TENNIS PROGRAM STARTS JULY 6TH

The Province of Ontario will now permit clubs to operate summer programs under stage two of the provincial reopening mandate. As always, our focus is on maintaining a safe environment for everyone and using the guidelines from the Ministry of Health, we have coordinated our efforts to ensure we keep our students and staff safe.

Below you will find some of our current operating **PROTOCOLS AND GUIDELINES** for the summer tennis program.

PROTOCOLS ARE BASED ON THE FOLLOWING:

Program Structure Outline:

- Players will enroll for two week periods.
- There will be limited enrollment to 24 players per two week period.
- Players will not be permitted to modify sessions or hours and will not be provided make ups at an alternate time. Make-ups will be provided for medical or injury reasons.

Daily Program:

- Fitness
- Tennis Training
- Lunch
- Match Play_(Only players with solid match play abilities will be permitted into this portion of the program)

Group Sizes:

- For the purpose of contact tracing, if required, each group will consist of a maximum of 8 players. Players will have opportunities to train and play with players of other groups while maintaining social and physical distancing.

Health Care Team:

- We have hired a comprehensive health care team, consisting of an RN, an RPN and --- Health care assistants, to ensure we maintain all Covid-19 protocols and integrate them with the daily activities of the camp and the competitive tennis programs.

Session Lengths:

- Each session is two weeks in length. Our program season is scheduled to begin on July 6th and will run in two week sessions, until August 28th. Due to the health and safety of staff and players; we are unable to accommodate alternate days or weeks. Players will not be permitted to modify sessions or hours, and will not be provided make ups at alternate times.

Groups as individual cohorts:

- Each group will be assigned a home base, where they will be able to leave their belongings.
- Each home base will also contain its own picnic tables and cleaning supplies.
- Coaches and counselor staff will wear face masks wherever social distancing is not possible.
- Groups will still move to various areas around the club and areas of the camp and be socially distanced from other groups when they interact with any other group.

Busing:

- Due to health concerns, we are unable to provide busing for campers this year.

Extended Hours:

- Since group separation is paramount in everything we do, we, unfortunately, are not able to provide busing this year.
- Our regular camp day is from 9:00am-4:00pm.
- Early arrival/late arrival/ or late pick up. Parents must advise camp if they will be arriving outside of the regular arrival and pick up times. The protocol for drop off and pick up outside of regular times will be established and provided before camp begins.

Daily Screening:

- Health guidelines require that each camper will need to be screened daily before entering the camp.
- It is imperative for every parent to participate in this process by tracking your child's health while at home. This will include your vigilance to email or hand in upon arrival each day the requisite health survey we will provide for you to fill out.

Regular Hours Arrival:

- Each group will be given an approximate arrival window. We do, however, encourage families to arrive as close to your arrival window IF possible.

On Arrival:

- Parents will be directed to drive their vehicle under the circular overhang main club entrance where a member of our Health Care Team will greet each camper to ensure they arrive safely and are handed over to their groups after having their temperature taken. Parents are asked to remain in the vehicle (unless your child cannot unbuckle their own seatbelt).
- We acknowledge that parents may wish to arrive early between 8:30am and 9:00am.
- Based on limited spacing under the canopy, we will have three stations for Camper check-in.
- We anticipate this will create a slower process, and we trust you will be patient and understand that this is for the safety of all Campers and Staff.

Regular Hours Dismissal:

- Each group will be given an approximate pickup window. We do, however encourage families to arrive as close to your pickup window IF possible.

On Dismissal:

- We will stagger dismissal by group by 5 minutes each.
- Parents will be required to follow the staff directions, guidelines and procedures for pick-up.
- Parents who arrive at the club/camp during regular pick up times will be provided with an illustrated map of parking areas close to where their child's group will dismiss from.
- Parents are asked to remain in their vehicle until their child's group is brought up to the parking lot. Our staff will bring them to your assigned area located where you are parked.

Behaviour Code:

- Due to restrictions of intermingling of groups, players must be able to stay with their group. If your child cannot follow the proper procedures and therefore is compromising the safety of our members, players, summer campers and staff, they will be unable to participate in the summer training program. There is a strict zero tolerance policy, and no exceptions will be made.

Discipline:

- In addition to following coaching and instructions, the required level of effort and discipline of every student will be of the highest of standards in order to provide for the well-being and safety of all concerned including other players, coaches and our families at home.
- The club reserves the right to enforce the rules, protocols and directives and has zero tolerance for non-compliance and reserves the right to remove the offending party or parties from the club.

Equipment and Water:

- Please have at least two racquets, towel and water for every practice.
- Extra shirts, hats, socks and shoes maybe required.
- Players should be dressed for practice and are to bring enough water and snacks to last the entire practice.
- Players will not be permitted to share equipment, any personal supplies or water with each other.

Food:

- All food will be prepared fresh daily from the Club Catering Department and will be delivered to the campers prepackaged to ensure food safety. Students will not be permitted to share any snacks or drinks. All food and beverage areas will be off limit for all students during program hours.

Enhanced Cleaning:

- There will be enhanced cleaning of our washrooms and high touch surface areas. Specialty areas will be cleaned before the next group arrives.

Hand washing/sanitizing

- Campers and staff will have scheduled handwashing/sanitizing times built into their schedule.

Parent Communication:

- The staff will be able to be reached by calling The Control Desk at ext 222 at any time during camp hours

We have continued to communicate with Public Health advice to ensure the safe operation of our camp for everyone. The safety of all of our camper and staff is built on the honesty of everyone. In order for the club and camp to maintain a safe environment for everyone, parents must operate with the best intention for all participants.

If your child is unwell, he/ she must not be brought to the club.

We hope you will decide to allow your child to participate in 2020 Summer Competitive Junior Tennis Program. If a session is unable to run due to public health restrictions, refunds will be issued. If you have any questions, or would like to speak to a member of our team, please do not hesitate to reach out.

Sincerely,

Richard Hernandez, Director of Racquet Sports
Miron Mann, Head Professional of High Performance
Julia Pranko, Marketing and Communications Director
Dante Young, Club Enrollment Director
